## 8 ports Docking station

## Features

- 8 Ports docking station without screen

### Software Function

- Equipped with body worn camera management system( V4.0)
- Supports auto datacollection/ storage/ empty and auto expired data empty
- Supports basic management, the binding of device and user, time correction
- Supports data playback/ delect/ export, different user with different authorization

### Hardware Function

- 8 ports USB 2.0, supports 8 body cameras data uploading simultaneously
- Auto recharging: Supports 8 body worn camera recharging simultaneously, 5V 1.0/2.0A, charging time less than 4hrs
- Data import speed  $\geq 3.9\text{MB/s}$

## Software

Application	
Data automatic collection	Docking station will automatically collect all the video, audio, pictures, logs and other data from 8 Body Worn Cameras once connected.
Automatic data clearing	All video and audio data of the body cameras will be automatically cleared once the uploading finished.
Breakpoint Transmission	Support
Automatic charging	Body Worn Camera will be automatically recharged once connected to the docking station
Time synchronization	Support automatic time correction of the accessed body worn camera, and the time could be accurate to "year, month, day, hour, minute and second";
Automatic data upload	Support access to Data Evidence Management System (DEMS) , which can automatically upload video and audio files to the server.
Device Management	
Status display	It will display body worn camera's ID, device storage space, loading status etc while data uploading
Fault alarm	It will alarm automatically when detecting fault of device
User management	Create/disable/delete user ID and authorization management for user
Log recording	Support
Privilege management	Only authorized user has permission to modify the system configuration and file search, video playback, data backup etc
Compatibility	only for authorized body worn camera
Info management	support setting relevant info about the device, such as Device ID, user, IP address, contact info etc
Status management	Support
Administrator Management	Support

## Hardware

Specification	
Size	320*250*85mm
Weight	4.5 Kg
Material	Sheet metal and CNC machines and surface adopts black sand grain baking paint
Color	Black
Signal Indicator	Support
Ports	
USB port	USB2.0 ports , Support simultaneous access and upload data of 8 body worn camera.
Data acquisition rate	≥3.9MB/s
Uploading Time	8-channel 16G Body Worn Camera completed the collection in about 60 minutes.
Charging Time	It can automatically charge the 10 channel body worn camera at the same time, and the charging time is less than 4 hours
Power	
Voltage	110V-240V AC
Output Voltage	DC 10V 10A
Output Current (Single port)	5V 1.0/2.0A
Others	
Working temperature	-10°C~55°C
Accessories	
Standard Accessories	Adaptor 1pcs USB cable 1pcs (connected to a PC) CD 1pcs
